

GE® Top Control with Plastic Interior Dishwasher with Sanitize Cycle & Dry Boost

Model#: GDP630PGRWW

- **3 Rack Dishwasher** - This dishwasher has a third rack without dedicated compartments, giving you extra capacity and flexibility to store everything from lids and serving utensils to small bowls
- **Bottle Jets** - This dishwasher with bottle jets ensures a deep clean for tall items, narrow glasses, jars and more. In the upper rack, each of the four bottle jets directs water and detergent inside to effectively wash hard-to-reach areas
- **Dry Boost™** - Dry Boost gets hard-to-dry items like plastics up to 3x drier compared to heated dry
- **Wash Zone** - Wash a true half load in the upper or lower rack whenever you need to, instead of waiting on a full load. Just choose your wash zone: upper or lower. The feature works in combination with most cycles, saving you time and conserving energy
- **Steam + Sani** - Save time with a Steam option that loosens tough soils before the wash cycle begins, so you get a complete clean with no pre-rinsing or soaking necessary. Plus, a Sanitization cycle reduces 99.999% of bacteria on dishes
- **AutoSense Wash Cycle** - This energy efficient dishwasher has an AutoSense cycle that detects the soil level and amount of dishes, then automatically adjusts wash settings for the ultimate clean
- **High Wash Performance** - Get a complete wash with no pre-rinse, thanks to a variety of powerful wash cycles. No matter how many dishes you load or how dirty they are, rest assured

FEATURES

Style	Built-In Top Control
