

## MNSS Single Strip Light

Combines the energy efficiency of LED technology

The Lithonia Lighting® MNSS strip combines the energy efficiency of LED technology with a fully luminous single lens aesthetic

### Versatility Defined

This is the perfect strip for almost any basic application. The smooth acrylic lens and end-to-end illumination provide a seamless line of light that compliments a variety of spaces including laundry rooms, storage closets, restrooms, garages, tight spaces and task lighting.

### Customization at Install

MNSS fixtures with Switchable White and Adjustable Lumen technology allow you to easily select from 3 levels of light output and 3 color temperatures to tailor product performance to your application.

### Mounting Options

The MNSS can easily be surface or suspension mounted. Continuous row mounting multiple fixtures is made simple with the included bracket hardware.
